Bayfield County ATV Trail Report

Due to the recent heavy rains expect washouts and rough trail surfaces at this time.

We are getting equipment into the area as quickly as conditions allow.

Be cautious of logging operations using the eastern portion of Bayfield County trail 40 starting at the trail 43/FR 262 intersection.

Bayfield County allows properly registered UTV's on town road routes only. No trail riding at this present time.

Scott Williams
